

**Project:**  
Cooling System expansion

**Client:** Gracious Living  
**Year:** 2022

**Solution:** Supply of an air-cooled chiller and chilled water tank set for a plastics company

**Features:**

- One 220 TR Berg EREMA Chiller R407c refrigerant
- One outdoor condenser
- One 220TR indoor EREMA chiller tank skid
- One 180TR Berg main chilled water system-cooled chiller
- New chiller pump and new process pump R407c refrigerant
- Operator training.

**Highlights:**

-  Custom Engineered
-  Start-up
-  Installation
-  Air-cooled

Supply of an additional air-cooled chiller and chilled water tank set to expand chilling capacities for a plastics company. Scope of supply included one 220 TR Berg EREMA Chiller with R407c refrigerant and outdoor condenser, one 220TR indoor EREMA chiller tank skid, one 180TR Berg main chilled water system-cooled chiller with new chiller pump and new process pump also charged with R407c refrigerant, installation & start-up and operator training.
